

## Loving Care for You

We understand there is a place where you feel most comfortable, a place you enjoy visits with family and friends. This is where cherished memories bring a smile to your face and warmth to your heart. This place is your home.

Everyone needs a little help sometime. When that sometime comes, it's not always necessary to leave your home.

Loving Care specializes in the care of persons with bone fractures, heart disease, strokes, Dementia/Alzheimer's disease, Parkinson's disease, and other chronic conditions and illnesses.

Through in-home care you can retain your individuality, spirituality, dignity, friends, and family connections.

Loving Care offers care ranging from two to twenty-four hours a day, seven days a week. We are happy to plan with you a schedule that meets your individual needs.

*It is our mission, our pledge and our privilege to provide the highest standard of care and compassion, at the lowest possible cost to all of our friends.*
